

Psychology 12 Lesson 36

Review from last Class: (lesson 35)

Review and prep for presentation on schizophrenia

Schizophrenia what is it? Symptoms?

Diagnosed? How it effects one's life? Stigma and Stereotypes.

Presentation: Guest speakers from the BC Schizophrenia society.

Today's Class: Lesson 36

Journal Entry #35 and #36 Life with schizophrenia

#35 What stood out to you? Why is this important or relevant to you? What response might you make to what you have learned?

#36 What would you like to say to Derrick and Sherri in response to this presentation? Could be a comment or a question?

Class Discussion about the schizophrenia presentation.

Training with your rats, final time, finishing touches on assignment. Rats go back to the pet store next week.

Reading in Dibbs.
