Learning Objective, an information brochure and a lesson

Learning objectives: 7-20 assigned: Each student or student group (max. 2 no exceptions) is given a learning objective to achieve, produce a high quality informational brochure and then teach the class so the class too can achieve the assigned learning objective. Games, crossword, work sheet, power point, discussion, video, reading. Must have three to five questions to test student understanding of concepts
5marks for brochure and 5 marks for lesson for a total of ten marks - final mark will be tripled to give student a mark out of thirty. Example $8/10 = 24/30$

5. achieved completely, clear understanding – Got it
4. mostly achieved, there but a little unclear –Pretty much got it
3. Just achieved, missing key components, unclear in places – Getting it
2. Started but not achieved, very unclear – Did not get it
1. little to no achievement demonstrated – Missed it
