

Review last class: Lesson 29

Chapter 3 Exam

Journal Entry #29

Go outside at the back of the playing field on the side of Mount Boucherie find a spot by a tree where you will sit alone and in quiet for 15 minutes. List five senses we have and describe what each of your senses is experiencing as you sit quietly. Example: I hear the sound of a tree creaking as it sways in the wind.

If you think there is a sixth sense describe/explain it, if you think there is no sixth sense describe/explain why.
